

Low Carbon Resilience and Environmental Sustainability Goals, Targets and KPIs for

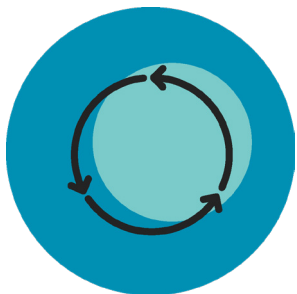

Energy & Carbon

Goal: Reduce our carbon footprint by increasing energy efficiency and reducing reliance on fossil fuels.

	Fraser Health		Providence Health Care		Provincial Health Services Authority		Vancouver Coastal Health	
Key Performance Indicators	2025 Target	2030 Target	2025 Target	2030 Target	2025 Target	2030 Target	2025 Target	2030 Target
CCAA legislated target: Reduce absolute in-scope GHG emissions over 2007 baseline (tCO ₂ e/year)	16%	40%	16%	40%	16%	40%	16%	40%
Clean BC Plan target: Reduce absolute owned and leased building GHG emissions over 2007 baseline (tCO ₂ e/year)	16%	50%	16%	50%	16%	50%	16%	50%
Reduce owned and leased building GHG-emissions intensity over 2007 baseline (tCO ₂ e/ m ² /year)	25%	50%	25%	50%	35%	50%	40%	50%
Reduce owned and operated building energy-use intensity over 2007 baseline (ekWh/m ² /year)	20%	25%	20%	25%	25%	30%	15%	25%

Materials

Goal: Choose materials and products that contribute to human and environmental health, while avoiding waste and unnecessary chemicals.

	Fraser Health		Providence Health Care		Provincial Health Services Authority		Vancouver Coastal Health	
Key Performance Indicators	2025 Target	2030 Target	2025 Target	2030 Target	2025 Target	2030 Target	2025 Target	2030 Target
Increase waste-diversion rates at acute care owned and operated sites (% of waste diverted, annual average)	33%	40%	30%	40%	28%	40%	33%	40%
Increase waste-diversion rates at non-acute care owned and operated sites (% of waste diverted, annual average)	50%	60%	40%	60%	45%	60%	45%	60%
Decrease waste-intensity rates at acute care owned and operated sites (kg/m ² /year)	13.7	12.3	11.3	10.2	4.2	3.8	9.3	8.4
Decrease waste-intensity rates at non-acute care owned and operated sites (kg/m ² /year)	19.2	17.3	15.2	13.7	4.0	3.6	11.9	10.7

Transportation

Goal: Increase access to and use of transportation modes that reduce negative environmental impacts and benefit human health and wellness.

	Fraser Health		Providence Health Care		Provincial Health Services Authority		Vancouver Coastal Health	
Key Performance Indicators	2025 Target	2030 Target	2025 Target	2030 Target	2025 Target	2030 Target	2025 Target	2030 Target
Increase proportion of staff commuting by active transportation modes such as bicycle, walking/rolling (self report, annual average)	10%	15%	30%	35%	25%	30%	25%	30%
Increase proportion of staff commuting by clean transportation modes such as single occupancy vehicle hybrid and electric, public transit, carshare, carpool and hospital shuttle (self report, annual average)	25%	30%	40%	50%	35%	45%	40%	45%

Water

Goal: Minimize water consumption to reduce demand on natural resources and impact on our living environments.

	Fraser Health		Providence Health Care		Provincial Health Services Authority		Vancouver Coastal Health	
Key Performance Indicators	2025 Target	2030 Target	2025 Target	2030 Target	2025 Target	2030 Target	2025 Target	2030 Target
Reduce building water (use) performance intensity (m3/m2/year) over the 2010 baseline	30%	35%	20%	30%	35%	40%	25%	35%
